**The Preferred Plan Update** will consider a large area of undeveloped land at Kayak Point Park (350 acres) and will create a vision for what future improvements could include. New amenities that have been suggested include: additional camping, a community center, trails, environmental education activities, and...?

**Day Use Area Renovation** will be based on previous public input and is planned to include: boat launch expansion, parking rearrangement, removal of some roadway sections, installation of a paved trail system, installation of mooring buoys and adjustments for sea level rise. Construction could start as early as 2019.
